In the eve of 2015

Year of fly... 4

The air up there in the clouds is very pure and fine, bracing and delicious. And why shouldn't it be? it is the same the angels breathe.

Mark Twain,

This is going to be a new era for **AMICO YASNA PARS** staff, whilst we have named **2015, year of fly**.

As a summary of our activities during 2014, we could expand our portfolio and we have added **Abbott Medical Optics (AMO)** products as the most well-known producer of ophthalmology products such as IOL's and Phacoemulsification machines globally and **OASIS** surgical disposable products, a great name with products beyond expectations.

In **Amico Yasna Pars**, we have tried and will always try to be an eagle with wide wings in order to let us do every maneuver to satisfy our customers because they are our partners.

This is what we believe as an exact meaning of fly, with climbing the tallest mountains and to conquer every summit. Being with you, we need to have such a vision.

We are all trying to present best ophthalmologic products and that is exactly what we wanted to do from the very first beginning days.

Today, after long years of challenges and discussions, **Amico Yasna Pars** hope to serve you better than before. The dream which could not come true but with your kind supports.

TECNIS® 1a Abbott Medical Optics

IT'S THE ONE WITH THE NEXT-GENERATION DESIGN

You know why?

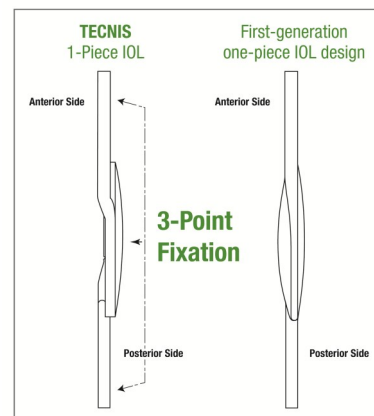

First, Tri-Fix 3-Point Fixation designed to increase stability

There are 3 points of fixation on the lens which help you have the most stable IOL and to ensure you about outcomes. **TECNIS** is the pioneer IOL among its competitors regarding the issue of stability.

- Haptics offset allows three points of capsular bag fixation with decreasing risk of IOL to be pushed toward anterior segment.
- Provides refractive predictability, long-term stability, and centration

Second, TECNIS® 1-Piece IOL provides ease of implantation

- Bag-friendly, coplanar delivery
- Proprietary surface treatment for ease of unfolding

Haptic Loops

Polished haptic loops enable controlled, gentle unfolding in capsular bag

Slim Lens Profile

Reduced center thickness for slim lens profile facilitates implantation

FreshLook Color Contact Lenses

No.1 Selling Color Contact Lenses in the world

Alcon
Vision Care

FreshLook color lenses are a revolutionary type of contact lenses from manufacturer **Cibavision** that incorporate features perfect for anyone who wishes to alter his/her eye tint and color in perfect comfort.

Consisting of a '3 in 1' approach to contact lens fittings, **FreshLook ColorBlends** has the ability to bring out a whole new tone and depth to the eye. The subtle colors of the **FreshLook** take in a wide variety of hues from **gray, green & pure hazel** to **blue, honey, turquoise & sterling gray**.

FreshLook ColorBlends contact lenses create a wholly naturalistic take on the job of coloring lenses. The subtle tints combine with your patients natural eye color to create a comfortable combination of subtlety and precision. Each look is uniquely presented depending on the individual's coloring and tone of the eyes.

For everyone looking to change his/her eye color in the most natural of ways, **FreshLook ColorBlends** can provide a healthy and great looking solution.

- Available in **17 colors**
- Available in **Colors** and **Color Blends**
- Available in **Dailies** segment with **4 main colors**

Huvitz

Chart projector with semi-permanent LED

HUVITZ HCP-7000 is an automatic chart projector which provides 41 different charts including red/green and polarized filters for the eye optometry.

Users can select the desired charts instantaneously by cordless remote controller. Charts move quickly and quietly.

The customized two programs will help you to perform more convenient and effective examination.

You can also execute the binocular balance tests, stereo tests, fixation disparity tests, fusion tests and aniseikonia tests with **HCP-7000**. This automatic chart project is compatible with **HUVITZ** digital refractor, **HDR-7000**

A great name A great portfolio

There are always some slogans that circulating all the time among the **OASIS** people.

1 - An expanding portfolio

The founding vision of **OASIS** was to ensure that the company continually addresses the changing needs of surgeons, clinicians, and patients.

OASIS offers a portfolio of exceptional products, while also improving the way in which products are packaged, delivered, or sold. The original product portfolio of **OASIS** comprised single-use surgical items. Since then, **OASIS** has expanded to offer a wide range of more than 300

ophthalmic and optometric accessories, supplies and instruments.

2 - Looking forward

OASIS efficiently delivers solution-focused products to eye care practices. **OASIS** will continue to provide innovative, differentiated products for eye care providers and consumers.

OASIS PVA Spears (Sponges) are most appropriate instances which reflect these slogans. These are products that changed all opinions and every surgery could be

accomplished by them in most effective and satisfactory way.

Best absorbing materials lead OASIS sponges to be always on the mind of every surgeon.

OASIS®

Abbott Medical Optics The Promise

At **Abbott Medical Optics** (AMO), our goal is to develop advanced vision technologies so that you, our customers, can provide optimal quality of life for your patients. However, our commitment to you just begins when you purchase your **AMO** devices.

We understand that your first priority is providing the best care for your patients. Furthermore, we understand that our service can influence your business success and the service you provide your patients. That's why we treat you as we'd like to be treated, with respect, honesty and candor.

Abbott Medical Optic's

award-winning customer service and support teams are dedicated to building partnerships with you, our customers, by providing you with quality service and expedited solutions to minimize your downtime and maximize your peace of mind. With hundreds of support professionals strategically positioned around the globe, AMO is poised to deliver support when you need it, where you need it. At AMO, our long-term commitment is to go **BeyondService™** providing you with exceptional service experiences, every time. It's our promise to you.

Year of fly...

According to our fiscal year which is aligned by Gregorian calendar and has ended by Dec 30th of 2014, there was a great meeting in **Amico Yasna Pars** with presence of all our colleagues in different departments of management, financial, Regulatory, Dermatology, Ophthalmology, marketing, optical, customer service, Human resource and pharmaceutical. In this group meeting all teams have explained their statement over whole year and also they have illustrated their new program for upcoming **2015 year, year of the fly**.

All these efforts have been designed to be dedicated to acquire your demands and to increase our

knowledge and perception against your demands, you who are valuable for us.

Upcoming Events:

The 10th Annual seminar of eye research of shahid beheshti medical science university will be held on January 26th to 28th and again we are honored to be among the sponsors and participants of congress. With your kind supports, we will be the best loyal companion.

Respectfully, **Amico Yasna Pars** invites you to visit its website for reviewing congress photos, ordering marketing materials and to share ideas about congress.
